ARGONNE LOSSES LOW CONSIDERING TERRIFIC FIGHTING

HARDEST JOB OF BATTLE

Gen. Traub Says Troops Had Task to Do and Did It—Only Criticism Has Come From Civilians.

Washington, Feb. 21.---Members of the house committte yesterday heard from Major General Peter Traub, commanding the 35th Division, the whole story of the Argonne fight—a vivid word picture of the battle that brought charges from Governor Allen of Kansas, of neglect, inefficiency and of needless losses. It was a dramatic recital from the sandy haired, sandy mustached veteran of Indian fights, the Philippines, the war with Spain, and, wearing a long string of service ribbons, gold wound stripes on one sleeve and gold service stripes on the other, the Major General who had personally led the Missouri-Kansas soldiers in battle looked every inch a soldier.

In summing up his answer to the charges made by Governor Allen of Kansas, General Traub said that:

Every possible care had been given the wounded men under the terrible conditions of the battle.

Artillery support had been given the division in its advance at all stages of the battle.

One day of the battle it had been impossible to move forward the divisional artillery, but everything that was humanly possible to get it forward had been done.

The airplane support during the battle was varying; they got planes when they called for them, but boche planes did get over occasionally and pelt the division with machine gun fire, but it was a condition that must be expected in every battle.

The barrage from Allied guns that killed Kansas and Missouri soldiers, came from French, not American guns.

Only six shells from French guns fell in this fire on the American troops.

The 35th had the hardest job of the attack and was in the most exposed position.

Summing up the battle results, he said:

"In five days and five nights my division advanced against three of the finest boche divisions in the entire Hun army for a distance of twelve and one-half kilometers, taking positions that had baffled the French four years and which they had pronounced impregnable, taking more than one thousand prisoners, twenty-four pieces of artillery, eighty-five machine guns, one hundred anti-tank guns and much other war material; they advanced in the most exposed sector of the entire battle front against artillery fire concentrated on them from the surrounding crests, almost perfect observation posts, and did it at a loss of life that under the circumstances of the battle was marvellonsly low. My men did what they were told to do and they took what they were told to take."

"In connection with the charges of excessive loss," General Traub continued, "it should be borne in mind that this was an exceptional operation that my division was engaged in and should be compared with exceptional operations. When Grant attacked at Cold Harbor he lost ten thousand men in twenty minutes and accomplished nothing. We with five hundred killed and about forty-five hundred wounded, a majority of them slightly wounded, penetrated more than six miles against positions that the boche had been preparing four years with artillery man traps, machine gun nests and every hellish instrument of war that the boche had devised. So much for the charge of unnecessary loss of life."

England is using paper envelopes which can be turned inside out and made to do service a second time.

SCHOOL TEAM WON

Beat [illegible] -day, Making Two Ou[illegible] to Their Credi[illegible]ason.

The third in a series of basket ball games between the Training School and the High School teams yesterday resulted in a defeat for the High School players by a score of 8-0. The Training School team is composed of Paul Brown, Howard Bratcher, Neville Hartman, S. McLoud, F. Brown, Ned Colbert and Dean Dorman. The High School team includes "Ikie" Miller, Bob Arnett, Vaudry Willoughby, Town send Godsey, Laverne Robey and R. Holt.

The first game between the two teams was won by the Training School 14-5, the second game going to the Highs, 14-12.

BUT TWELVE APPLY

AWARD HONOR BADGES FOR RED CROSS WORKERS SOON

SHOULD BE 50 ON ROLL

All Who Have Given 800 Hours Service in Six Months Urged to Make Application at Once.

Have you been a Red Cross worker?

Have you worked as many as 800 hours within six consecutive months?

Then you are entitled to the Honor Badge—or service stripe—to be awarded by the Red Cross to all workers who are able to show this record of service.

Up to date the local committee on service awards has only twelve applications for the Honor Badge. The last meeting of the committee composed of Dr. F. R. Anthony, Miss Hattie Pierce, Mrs. W. J. Osburn, Prof. J. M. McDonald and Clyde Perkins, will be held on Tuesday, February 25, when all applications must be in to be passed on. It is necessary that all workers who desire to wear this insignia of service secure application blanks at Red Cross headquarters and hand them in before next Tuesday.

Every kind of service given through the Red Cross will be recognized by the committee on awards. There are just two essentials which must form the basis for any recommendations—the service must have been given during six consecutive months and must represent a minimum of 800 hours.

With but eight persons having made application for the award, it is believed that many more workers are entitled to apply, members of the committee being of the opinion that at least fifty women of the various auxiliaries and branches have done the required number of hours.

The badge which the Red Cross workers will receive with their 800 hour certificates is the woman's "Croix de Guerre," and should be prized as such.

BUILD WITH BONDS

INTERIOR DEP'T SUGGESTS PLAN FOR SOLDIERS MEMORIAL.

URGE COMMUNITY HOUSE

Many Committees Are Showing Preference for ThisType of Memorial. A Reminder of Sacrifice.

Soldiers memorials in the form of community buildings, dedicated to civic and social uses and, wherever possible, built with bonds of the Fifth Liberty Loan, are urged by the Bureau of Education, Department of Interior, in a circular sent to every school community in the United States.

A number of communities have already concluded that a building, in constant use as a reminder of the sacrifice made by the soldiers and sailors of the great war, is more appropriate and enduring than the conventional grave-yard monument.

"There is a growing conviction," says Dr. Henry E. Jackson, author of the Bureau's circular, "that the conventional stone shaft, placed in a graveyard among the dead, is not a fitting memorial to those who died for freedom. The suggestion, made both in France and America, that these memorials take the form of community buildings, dedicated to civic and social uses, is obviously wise and ought to meet universal approval. On the walls of such a building should hang a bronze tablet containing the names of each community's martyrs to liberty.

The Roll of Honor.

This type of memorial will guarantee that no boy who gave his life for justice and freedom will be forgotten. The number of American lives lost in this war is very small in comparison to those lost in the Civil war. If a community lost only three or four it might not think it worth while to build a monument. But a community building is needed entirely apart from its memorial purposes. The chief advantage of this type of memorial, however, is not that it is economical, but that it keeps green an inspiring memory, and it seeks to put into operation, through its civic and social activities, the ideals for which our boys fought in France.

Liberty Bonds for Buildings.

"Funds for this purpose could be raised more easily, if they were raised in the form of Liberty Bonds during the fifth loan, which is to come in the spring. The bonds can be used as money when the time comes to build. Thus a community can serve itself, while, at the same time, it is rendering a national service. By this method more money for the Government could be raised than by any other. Not only would many individuals gladly contribute an extra bond or two for the benefit of their local community, but many who are unable to do this could pool their small gifts and contribute to a bond. Likewise, entertainments and social activities can be utilized to raise money for the same purpose. Opportunity should be given for as many as possible to have a part in the enterprise. For men to contribute outright a few liberty bonds to a local community cause, will help to dispel the delusion that a man is doing anything especially generous when he puts his money into an investment which offers the best security in the world and a fair rate of interest. To couple the fifth loan with free gifts and soldiers' memorials will make it in a real sense a Victory loan. It will be much more than this. It will be a Reconstruction loan.

Should Be the School.

"Wherever possible this community memorial building ought to be the public school house, in order to prevent needless waste through duplication. It is the logical community center. It is non-partisan, non-sectarian and non-exclusive. It is owned and operated by all the people and therefore furnishes a platform on which all can meet on terms of self-respect. The schoolhouse could be remodeled or enlarged or replaced by a new one. It is the natural capitol and clubhouse of every community. In rural districts small schools should of course be consolidated in order to eliminate a waste and secure a community large enough to support the kind of building here proposed.

"The schoolhouse ought to be used for this purpose wherever possible. If in any place the school officials are unprogressive and unawake to their opportunity, then an independent building ought to be erected. Institutions are made for the people, not the people for institutions. Let us use whatever means available for our purpose. But there is no need for any community to submit to a backward-looking board of school directors. The schools belong to the people and it is their privilege to compel school officials to be their public servants and execute their will."

In his foreword to the Bureau's circular Commissioner Claxton states that the Bureau of Education will gladly join with other agencies in stimulating the erection of memorials of this kind to American soldiers and sailors.

SCOUTS ON A TRAIL

MEMBERS OF TROOPS 1 AND 2 IN BIG EVENT TOMORROW

HOW THE TRAIL IS LAID

Powers of Observation Required to Locate Various Points—Prize Will Be Given for Best Report.

Some 40 Boy Scouts will enter the trailing contest to be held tomorrow afternoon by Troops 1 and 2, the event being an out door activity that will call into play some of the things that are a part of Scoutcraft.

The Scouts will assemble at headquarters at 2 o'clock where they will receive instructions—a printed sheet on which are the points to be located and questions to be answered. The trail will take them through the business section of town where show windows and other places must be examined for sings that will lead to another point on the trail. For example (these are not the questions, only indicating what is required of the Scout)

Proceed north until you come to the name of an animal found in the Northern woods.

Continue South until you come to a place of business whose name is a measure.

Retrace trail to a street whose name is a food for squirrels and tenderfeet.

Proceed west to window containing Scout display. Name the articles shown.

In tomorrow's contest there will be twenty-four points to locate in this manner, the trail ending at Scout headquarters. To cover it will require about two hours. The Scouts will be credited with a certain number of points for each location found and questions answered correctly. Entering the contest will count 10 points, uniform will count 20 points, finishing the trail will count 20 points and neatness of report will count 20 pionts.

The Scoutmasters have offered a prize for the Scout who turns in the best report. Assistant Scoutmaster Frank Green will be at headquarters instruct the boys in starting on the trail and the rules governing the contest. A report will be made at the regular meeting Sunday afternoon of the scores made by all the contestants.

JOHNSON FUNERAL THIS MORNING

Heads of St. Joseph Drug Firm Attend Service for Employee.

L. M. Smith, president, and J. M. McBride, secretary and treasurer of the C. D. Smith Wholesale Drug Company, came to Maryville last night to attend the funeral services of William C. Johnson who died yesterday morning at the Johnson home on East Third street.

Mr. Johnson had been employed for a number of years as traveling salesman for the Smith company. A prayer service was held at the home this morning at seven o'clock, conducted by Dr. S. A. Coile of the First Presbyterian church, and the body, accompanied by E. G. Orear and Delmar Coffman, was taken to Manhattan, Kan., for burial. The funeral and burial will be held there tomorrow afternoon.

The Nodaway County Medical Association will meet tonight at 7:30 o'clock at the office of Dr. F. M. Ryan on north Buchanan street.

This is the first session held for several months and is for the purpose of re-organizing and getting their work started. The society meetings have been practically discontinued during the war period.

AT ANNUAL BANQUET

AT "HAINES BUNCH" EVENT EMPLOYEES GET GIFTS

"INITIATE" NEW MEMBER

Boxes of Candy and Carnations for Visitors—Fifth Anniversary of the Business in Maryville.

One of the few things which improve with age, in the judgment of "those present" is the annual banquet given by Mr. Harvey L. Haines to his employes and the fifth one given last night was voted the gold medal of them all.

This banquet is always given in January, but on account of the absence of Mr. Haines from the city in the early part of January, it was postponed until last night. The banquet was served in Mr. Haines' apartments at seven o'clock, with a six course menu of the "turkey and more turkey" kind. The Haines Bunch colors of red and white were carried through the details of decorating and serving. Tall vases of red and white carnations decorated the long table laid with plates for the host and eighteen guests.

The place cards were folders of white with the monogram, menu, guest list and date in red and tied with her silk cords. The nine members of the "Haines Bunch were presented by Mr. Haines with a five dollar gold piece as a souvenir of the evening and a remembrance of their loyal and good service as his employes. The visiting ladies in the party were given large boxes of candy for souvenirs and all were given favors of red and white carnations.

Miss Stella McDowell, one of the Bunch, who has been in the employ of Mr. Haines for the past four years, is leaving for Oklahoma tomorrow to make her home and she was further remembered with a handsome black leather traveling bag, a gift from the Bunch, who have been her business associates. After the dining, a lot of amusement was furnished by the initiation of Raymond Murrin, the newest employe, into the secret obligations of the "H-B" order, and young Billy Symons, the store mascot, who trod the burning sands like a seasoned sport and won his decorations as a full H-B member in future.

The annual January banquet is the most pleasurably anticipated event in the store activities of the year, and its close second is the mid-summer frolic, which is given on the Fourth of July, when Mr .Haines entertains all his employes with an all day picnic.

Mr. Haines believes in the old saw, that all work and no play makes Mary and Johnnie listless and dull and breaks both the winter and summer work days with a real festivity and in addition allows each clerk two weeks' vacation on full pay. Mr. Haines guests last night were his employes, Miss Anna Stapler, Miss Katherine Vaughn, Miss Ella Noll, Miss Irene Redfield, Miss Clara Sherlock, Miss Frankie Goodson, Miss Gladys Ford, Miss Stella McDowell and Raymond Murrin, and Mr. and Mrs. B. M. Chandler, Mr. and Mrs. William Symons and son, Billie, Mr. and Mrs. Ed W. Keck, Miss Katherine Schenck and Mr. L. G. Schumacher.

REV. O. C. CARDEN IS DEAD

Former Resident of Skidmore Passes Away at Evansville, Ind.—Body Brought to Old Home for Burial.

The Rev. Ortie Clifton Carden, pastor of the First Presbyterian church of Evansville, Ind., and a son of Mr. and Mrs. Mark Carden of Skidmore, died this morning at his home. His death was due to pneumonia, which followed an attack of influenza. His father, and Mrs. Carden's father, Henry McDowell of Skidmore, left yesterday for Evansville in response to a message stateing Rev. Carden was very ill. The body will be brought to Skidmore for burial and will arrive Sunday or Monday.

The deceased was 34 years old and leaves a wife, formerly Miss Mildred McDowell of Skidmore, and three children.

CLEMENCEAU ISWORSE TODAY

Condition of French Premier Considered Critical—Eminent Specialists Called for Consultation.

Paris, Feb. 21.—Premier Clemenceau's condition is reported as critical today. Three of the most eminent specialists of Paris have been summoned in consultation in the case. "Nothing can be said, now," was the statement after their examination. It was learned that it was feared that embolism would develop.

The Premier passed a restful night and this morning it was reported that his condition was satisfactory, but the physicians looked for the crisis today. There had been a fear that pulmonary trouble would develop, but it seems that it has been removed.

All Paris is eagerly awaiting word from the Premier's bedside as it is believed that his condition is even more critical than has been told. Fears are expressed that his advanced age will be a handicap to his recovery.

GAVE THE TARKS A DRUBBING

Normal Played Rings Around Their Oponents Last Night Winning by the Score of 61-18.

Just to show them that they were outclassed the Bearcats last night took their old "friends" the Tarks down the line for the best trimming they had had administered to them in their many contests. The Normals got off to a running start and romped home lengths ahead of their opponent who might just as well not have started at all—still 18 points is something. The Bearcats ran up 61—just a runaway game.

The two sessions were not without some interest however. A Tarkio player was forced to retire when Miller bumped into him in scrimmage after the ball. The Tark player felt of his nose to find it broken. Miller as usual played a star game, being but one basket behind Egley who caged eight. Kyle, for the Tarks managed to drop over three safe ones. The Bearcats took an early lead and at the end of the first half had run up 36 points while the Tarks had but 7. The score:

AN ARMY OF 750,000

BOLSHEVIKI PLAN OFFENSIVES OF MUCH MAGITUDE

SPEED UP ARMS PLANTS

Agitators and Propaganda Being Sent to England to Spread Bolshevist Principles, Is Reported.

London, Feb. 21.---The Russian Bolsheviki now have an army of 750,000 soldiers of whom 250,000 are efficient fighters, said a German wireless picked up here today. The Bolsheviki are planning an offensive against Poland, East Prussia, Bohemia, Slavoniki and Austria Hungary, according to reports from Stockholm. Russian munitions factories are being speeded up, it is reported and agitators are being sent to England to disseminate Bolshevist principles.

According to reports from travellers returning from Russia the Bolsheviki are growing in strength and with plans being made for offensives in several directions, it is more than likely that serious trouble will be encountered in putting an end to their regime. The question is one of the big problems that is now being considered by delegates to the peace congress.

TO SPEAK EXTEMPORANEOUSLY.

Washington, Feb. 21.—That President Wilson's speech in Boston, if it deals with the League of Nations, will the subject very broadly and will not go into the more minute details of the subject, became apparent today when it was announced at the White House that the President had let it be known that he will speak extemporaneously. The President will sail on his return to France on March 5, it was announced at the navy department today.

FIRST NOTES READY FEB. 27.

Washington, Feb. 21.—The offering on February 27 of treasury certificates of indebtedness to the amount of 500 million dollars or more for subscription at par and accrued interest was announced today by Secretary Glass. The certificates will bear four and one-half per cent interest from February 27, payable July 29. They will be exempt from taxation.

PHYSICIAN FOUND MURDERED.

Kansas City, Feb. 21.—Dr. Thomas B. Dickson, a physician of Ramona, Okla., was found dead in a room at the Sexton Hotel here this morning. A blood stained pillow slip was jammed into his mouth and numerous bruises were found on his body. The coroner says there is no doubt that it was a case of murder. There are no clews to the mystery.

IN THREE WEEKS "BATTLE"

"Pete" Todd Writes From Dudelange, Germany—Company Being Motorized.

Walter S. Todd, with the 21st Field Artillery, American Army, is now stationed at Dudelange, Germaany, and writes under date of Jan. 17, to folks at home that they expect to move this month to Coblenz and hope to the States next. He writes in part:

The Y. M. C. A. has opened up a canteen here. Plenty of cigarettes, chewing and smoking tobacco, but no chocolates which I suppose is hard to get. They served hot chocolate free twice last week. Two men and one woman are in charge. The lady is from dear old New York, the city where all of us poor soldiers would like to pass through SOON on our way home. Of course, we are not homesick nothing like that. Only one thing keeps us here—the deep blue sea. If some man would only invent some means to walk on water, he sure would be a popular "guy." Would be elected president if two million votes counted for anything. * * *

I wasn't wounded in actual war, but had a three weeks tough battle with "cooties," killing 2,674,379 of them, the balance 1,482,561 dying of severe wounds and lack of food. I sure deserve a D. S. M. * * *

I have been on military police duty the past week. You know, walk around and look wise like Eph Tilton used to do. We have nothing to do with the citizens—just the soldiers. Keep them out of certain parts of the city and out of wine joints. This regiment of artillery, the twenty first, is being motorized, tractors, trucks, motor cycles, pleasure cars, Fords and bicycles. The dope is that we go to Coblenz next month and then the States, we hope. * *

A LYCEUM NUMBER TUESDAY

The second number of the Lyceum Course will be given next Tuesday night, Feb. 25, at the First M. E. Church. It will be a lecture by Dr. Lincoln McConnell, "The Blue Coat and the Red Flag." It is a subject of popular interest at this time when Bolshevism and the I. W. W. movements are attracting attention everywhere. Dr. McConnell handles the subject without mincing words—a red hot presentation of conditions. Dr. McConnell is one of the foremost lecturers offered by the Mutual Lyceum Bureau and his many years of experience as a platform speaker has made him a favorite everywhere.

The Lyceum board is already facing a considerable deficit this year due to several unforeseen causes and will appreciate the support of the public at this the last attraction of the season.

REV. DUNN FEELS IT HIS DUTY TO SPEAK

Wants Others to Benefit By His Experience—Spent Hundreds of Dollars Trying in Vain to Find Relief.

"Rev. J. H. Dunn, pastor of the Church of Christ at 2110 Sast Sccond Ave., Spokane, Wash., and residing at 724 West Sharp street, is still another minister whose deep sense of gratitude and desire to help others will not permit him to remain silent regarding the benefits he has derived from the use of Tanlac.

"Tanlac has not only relieved me of my ten years' suffering," said the Rev. M. Dunn, "but it has built me up wonderfully, as I have gained fifteen pounds in a month's time by taking it. My stomach was in such a disordered condition that I could not eat without suffering great pain. My food felt like lead in my stomach and I would expel gas with almost every breath. My head ached constantly and I continually lost in weight, strength and energy. I spent around three hundred dollars for medicines but got no better.

"I finally bought Tanlac on the strength of high endorsements and my first bottle made a marked change in my feelings. So I bought another and then others and now I am just like a new man. I can eat anything now without the least discomfort after wards. It gives me pleasure to do what I can for my fellow man, and as Tanlac has been of such great benefit to me and to a number of my friends also, I can recommend it to everybody."

W. C. T. U. WORK NOT FINISHED

Offerings for the $50,000 Fund To Be Asked of Everyone.

Ratification of National Prohibition by forty-three states has not finished W. C. T. U. work. Liquor forces have a fund of a billion dollars to fight prohibition on every conceivable technicality and the dry forces must not relax an instant or allow the will of the people to be thwarted.

The $50,000 Peace Reconstruction Fund the Missouri W. C. T. U. is asking for is a modest sum for the tremendous amount of reconstruction and propaganda work to be accomplished with it.

Every citizen of Missouri should make a contributioon to this fund as a thaank offering for the splendid educational work of the W. C. T. U. that was instrumental in winning the victory. The greatest moral and the greatest civic victory in the world have been won through this loyal and consecrated service. One item alone on the reconstruction plan is worthy of the fund. "W. C. T. U. Hospital." "Mothers" in the various militaary hospitals of the country. "Mother" is the dearest name on earth to the wounded, homesick soldier. Every individual who has and will contribute in this drive is thanked and will have the pleasure of knowing he helped in this splendid service. The W. C. T. U. thanks each contributor.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

Our steaks will give the average man and woman every reason to rejoice. They're chock block full of nourishment. They're weighed on scales that are not penny-wise. Our meats deserve your undivided attention at mealtime.

Maryville has a business man with the "greyest" hair to be no older than he is, I ever saw, said a Pickering citizen yesterday who had just paid a visit to the county seat. This Pickering man was so inquisitive that he actually asked the Maryvilleite what made his hair so grey? "Sitting in damp churches," came the reply, but if he had said, "trying to make two pair beat threes" it would have been nearer the truth.—Pickering Pickups in Hopkins Journal.

HERNDON FUNERAL YESTERDAY

Sale Totaled Over $18,000.

The biggest public sale that has been held in this part of the country for several years was the closing out sale of Henry S. Staples, at his farm west of Burlington Junction Tuesday. In spite of the bad roads a big crowd was present and R. P. Hosmer sold all of the stuff in about four hours. The auctioneer said it was the largest sale he had cried this year. The total was over $18,200.

Corn sold for $1.48 and $1.49. Hay brought from $20 to $25, and oats 80 cents. A spaan of mules sold for $540 and 48 head of young steers brought $83.50 each. Cows sold as high as $130. Henry has rented his farm to Sam and Al Dougherty.—Burlington Junction Post.

Market Two Car Hogs.

William Berry, living near Wilcox, shipped a car load of hogs to the St. Joseph stock markets yesterday. Frank Miller, living in the same neighborhood, shipped a car the day previous.

Argentina estimates its 1919 crop as follows: Wheat 5,015,000 tons, exportable surplus 4,300,000 tons; linseed 705,000 tons, exportable surplus 679,000 tons, and oats, 640,000 tons.

DAILY HEALTH TALKS

Better be Careful About Your Kidneys

BY N. B. COOK, M. D.

Foods taken into the stomach go through various chemical changes, and some of these changes are poisons that must be sifted out and disposed of. It is the duty of the kidneys to do this. When the kidneys do not fully perform their vital work, death may be only a few hours away. Happily, Nature has provided warning alarms telling people when their kidneys are not well. These warnings come in the form of dragging pains in the small of the back, weak stomach, low spirits, chills, nausea, headache, scanty urine and frequent desire to pass it, short breath, numbness, cramps, coated tongue, bad breath, puffs under the eyes, thin blood, dry skin, ringing in the ears, spots before the eyes and many other symptoms. All come from the one cause of kidneys that are not filtering the poisons out of the system. To overcome these troubles, Dr. Pierce, of Buffalo, N. Y., compounded what he calls Anuric Tablets. No other kidney medicine is its equal in giving relief and re-establishing healthful work in the kidneys. The treatment is very simple, as you need nothing except water when taking Anuric Tablets—a glass of water with each tablet. This washes and flushes the kidneys while the medicine itself is dissolving the uric acid poisons and driving them out. Anuric Tablets are made double strength, so that they dissolve uric acid the same as hot water dissolves salt or sugar. Most people need Anuric Tablets because most people have uric acid. Better get that poison out of your body for safety's sake, and better begin today.

To gently and agreeably coax the bowels back into normal activity, take Dr. Pierce's Pleasant Pellets. They are just as good for costiveness as his Anuric Tablets are good for kidney disorders, and that is saying a great deal.

HEROIC SACRIFICES OF FRANCE.

Never in the world's history has any nation ever sacrificed so heroically of its blood and treasure than has France in the present world conflict. Her great peasant population have suffered and bled for democracy with undying fortitude. America also owes thse people a great debt of gratitude for a perfect remedy for stomach, liver and intestinal disorders which it is reported has already saved many American lives and prevented thousands of surgical operations. Geo. H. Mayr, for years a leading Chicago chemist, imports and sells it in this country under the name of Mayr's Wonderful Remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One does will convince or money refunded.—Maryville Drug Co., and druggists everywhere.—Adv.

ARGONNE LOSSES LOW CONSIDERING TERRIFIC FIGHTING

HARDEST JOB OF BATTLE

Gen. Traub Says Troops Had Task to Do and Did It—Only Criticism Has Come From Civilians.

Washington, Feb. 21.---Members of the house committte yesterday heard from Major General Peter Traub, commanding the 35th Division, the whole story of the Argonne fight—a vivid word picture of the battle that brought charges from Governor Allen of Kansas, of neglect, inefficiency and of needless losses. It was a dramatic recital from the sandy haired, sandy mustached veteran of Indian fights, the Philippines, the war with Spain, and, wearing a long string of service ribbons, gold wound stripes on one sleeve and gold service stripes on the other, the Major General who had personally led the Missouri-Kansas soldiers in battle looked every inch a soldier.

In summing up his answer to the charges made by Governor Allen of Kansas, General Traub said that:

Every possible care had been given the wounded men under the terrible conditions of the battle.

Artillery support had been given the division in its advance at all stages of the battle.

One day of the battle it had been impossible to move forward the divisional artillery, but everything that was humanly possible to get it forward had been done.

The airplane support during the battle was varying; they got planes when they called for them, but boche planes did get over occasionally and pelt the division with machine gun fire, but it was a condition that must be expected in every battle.

The barrage from Allied guns that killed Kansas and Missouri soldiers, came from French, not American guns.

Only six shells from French guns fell in this fire on the American troops.

The 35th had the hardest job of the attack and was in the most exposed position.

Summing up the battle results, he said:

"In five days and five nights my division advanced against three of the finest boche divisions in the entire Hun army for a distance of twelve and one-half kilometers, taking positions that had baffled the French four years and which they had pronounced impregnable, taking more than one thousand prisoners, twenty-four pieces of artillery, eighty-five machine guns, one hundred anti-tank guns and much other war material; they advanced in the most exposed sector of the entire battle front against artillery fire concentrated on them from the surrounding crests, almost perfect observation posts, and did it at a loss of life that under the circumstances of the battle was marvellonsly low. My men did what they were told to do and they took what they were told to take."

"In connection with the charges of excessive loss," General Traub continued, "it should be borne in mind that this was an exceptional operation that my division was engaged in and should be compared with exceptional operations. When Grant attacked at Cold Harbor he lost ten thousand men in twenty minutes and accomplished nothing. We with five hundred killed and about forty-five hundred wounded, a majority of them slightly wounded, penetrated more than six miles against positions that the boche had been preparing four years with artillery man traps, machine gun nests and every hellish instrument of war that the boche had devised. So much for the charge of unnecessary loss of life."

England is using paper envelopes which can be turned inside out and made to do service a second time.

SCHOOL TEAM WON

Beat [illegible] -day, Making Two Out[illegible] to Their Credit [illegible]ason.

The third in a series of basket ball games between the Training School and the High School teams yesterday resulted in a defeat for the High School players by a score of 8-0. The High School team includes "Ikie" Miller, Bob Arnett, Vaudry Willoughby, Town send Godsey, Laverne Robey and R. Holt.

The first game between the two teams was won by the Training School 14-5, the second game going to the Highs, 14-12.

BUT TWELVE APPLY

AWARD HONOR BADGES FOR RED CROSS WORKERS SOON

SHOULD BE 50 ON ROLL

All Who Have Given 800 Hours Service in Six Months Urged to Make Application at Once.

Have you been a Red Cross worker?

Have you worked as many as 800 hours within six consecutive months?

Then you are entitled to the Honor Badge—or service stripe—to be awarded by the Red Cross to all workers who are able to show this record of service.

Up to date the local committee on service awards has only twelve applications for the Honor Badge. The last meeting of the committee composed of Dr. F. R. Anthony, Miss Hattie Pierce, Mrs. W. J. Osburn, Prof. J. M. McDonald and Clyde Perkins, will be held on Tuesday, February 25, when all applications must be in to be passed on. It is necessary that all workers who desire to wear this insignia of service secure application blanks at Red Cross headquarters and hand them in before next Tuesday.

Every kind of service given through the Red Cross will be recognized by the committee on awards. There are just two essentials which must form the basis for any recommendations—the service must have been given during six consecutive months and must represent a minimum of 800 hours.

With but eight persons having made application for the award, it is believed that many more workers are entitled to apply, members of the committee being of the opinion that at least fifty women of the various auxiliaries and branches have done the required number of hours.

The badge which the Red Cross workers will receive with their 800 hour certificates is the woman's "Croix de Guerre," and should be prized as such.

BUILD WITH BONDS

INTERIOR DEP'T SUGGESTS PLAN FOR SOLDIERS MEMORIAL.

URGE COMMUNITY HOUSE

Many Committees Are Showing Preference for ThisType of Memorial. A Reminder of Sacrifice.

Soldiers memorials in the form of community buildings, dedicated to civic and social uses and, wherever possible, built with bonds of the Fifth Liberty Loan, are urged by the Bureau of Education, Department of Interior, in a circular sent to every school community in the United States.

A number of communities have already concluded that a building, in constant use as a reminder of the sacrifice made by the soldiers and sailors of the great war, is more appropriate and enduring than the conventional grave-yard monument.

"There is a growing conviction," says Dr. Henry E. Jackson, author of the Bureau's circular, "that the conventional stone shaft, placed in a graveyard among the dead, is not a fitting memorial to those who died for freedom. The suggestion, made both in France and America, that these memorials take the form of community buildings, dedicated to civic and social uses, is obviously wise and ought to meet universal approval. On the walls of such a building should hang a bronze tablet containing the names of each community's martyrs to liberty.

The Roll of Honor.

This type of memorial will guarantee that no boy who gave his life for justice and freedom will be forgotten. The number of American lives lost in this war is very small in comparison to those lost in the Civil war. If a community lost only three or four it might not think it worth while to build a monument. But a community building is needed entirely apart from its memorial purposes. The chief advantage of this type of memorial, however, is not that it is economical, but that it keeps green an inspiring memory, and it seeks to put into operation, through its civic and social activities, the ideals for which our boys fought in France.

Liberty Bonds for Buildings.

"Funds for this purpose could be raised more easily, if they were raised in the form of Liberty Bonds during the fifth loan, which is to come in the spring. The bonds can be used as money when the time comes to build. Thus a community can serve itself, while, at the same time, it is rendering a national service. By this method more money for the Government could be raised than by any other. Not only would many individuals gladly contribute an extra bond or two for the benefit of their local community, but many who are unable to do this could pool their small gifts and contribute to a bond. Likewise, entertainments and social activities can be utilized to raise money for the same purpose. Opportunity should be given for as many as possible to have a part in the enterprise. For men to contribute outright a few liberty bonds to a local community cause, will help to dispel the delusion that a man is doing anything especially generous when he puts his money into an investment which offers the best security in the world and a fair rate of interest. To couple the fifth loan with free gifts and soldiers' memorials will make it in a real sense a Victory loan. It will be much more than this. It will be a Reconstruction loan.

Should Be the School.

"Wherever possible this community memorial building ought to be the public school house, in order to prevent needless waste through duplication. It is the logical community center. It is non-partisan, non-sectarian and non-exclusive. It is owned and operated by all the people and therefore furnishes a platform on which all can meet on terms of self-respect. The schoolhouse could be remodeled or enlarged or replaced by a new one. It is the natural capitol and clubhouse of every community. In rural districts small schools should of course be consolidated in order to eliminate a waste and secure a community large enough to support the kind of building here proposed.

"The schoolhouse ought to be used for this purpose wherever possible. If in any place the school officials are unprogressive and unawake to their opportunity, then an independent building ought to be erected. Institutions are made for the people, not the people for institutions. Let us use whatever means available for our purpose. But there is no need for any community to submit to a backward-looking board of school directors. The schools belong to the people and it is their privilege to compel school officials to be their public servants and execute their will."

In his foreword to the Bureau's circular Commissioner Claxton states that the Bureau of Education will gladly join with other agencies in stimulating the erection of memorials of this kind to American soldiers and sailors.

SCOUTS ON A TRAIL

MEMBERS OF TROOPS 1 AND 2 IN BIG EVENT TOMORROW

HOW THE TRAIL IS LAID

Powers of Observation Required to Locate Various Points—Prize Will Be Given for Best Report.

Some 40 Boy Scouts will enter the trailing contest to be held tomorrow afternoon by Troops 1 and 2, the event being an out door activity that will call into play some of the things that are a part of Scoutcraft.

The Scouts will assemble at headquarters at 2 o'clock where they will receive instructions—a printed sheet on which are the points to be located and questions to be answered. The trail will take them through the business section of town where show windows and other places must be examined for sings that will lead to another point on the trail. For example (these are not the questions, only indicating what is required of the Scout)

Proceed north until you come to the name of an animal found in the Northern woods.

Continue South until you come to a place of business whose name is a measure.

Retrace trail to a street whose name is a food for squirrels and tenderfeet.

Proceed west to window containing Scout display. Name the articles shown.

In tomorrow's contest there will be twenty-four points to locate in this manner, the trail ending at Scout headquarters. To cover it will require about two hours. The Scouts will be credited with a certain number of points for each location found and questions answered correctly. Entering the contest will count 10 points, uniform will count 20 points, finishing the trail will count 20 points and neatness of report will count 20 pionts.

The Scoutmasters have offered a prize for the Scout who turns in the best report. Assistant Scoutmaster Frank Green will be at headquarters to instruct the boys in starting on the trail and the rules governing the contest. A report will be made at the regular meeting Sunday afternoon of the scores made by all the contestants.

JOHNSON FUNERAL THIS MORNING

Heads of St. Joseph Drug Firm Attend Service for Employee.

L. M. Smith, president, and J. M. McBride, secretary and treasurer of the C. D. Smith Wholesale Drug Company, came to Maryville last night to attend the funeral services of William C. Johnson who died yesterday morning at the Johnson home on East Third street.

Mr. Johnson had been employed for a number of years as traveling salesman for the Smith company. A prayer service was held at the home this morning at seven o'clock, conducted by Dr. S. A. Coile of the First Presbyterian church, and the body, accompanied by E. G. Orear and Delmar Coffman, was taken to Manhattan, Kan., for burial. The funeral and burial will be held there tomorrow afternoon.

COUNTY MEDICAL SOCIETY MEETS

Will Re-Organize After Practical Discontinuance During War.

The Nodaway County Medical Association will meet tonight at 7:30 o'clock at the office of Dr. F. M. Ryan on north Buchanan street.

This is the first session held for several months and is for the purpose of re-organizing and getting their work started. The society meetings have been practically discontinued during the war period.

AT ANNUAL BANQUET

AT "HAINES BUNCH" EVENT EMPLOYEES GET GIFTS

"INITIATE" NEW MEMBER

Boxes of Candy and Carnations for Visitors—Fifth Anniversary of the Business in Maryville.

One of the few things which improve with age, in the judgment of "those present" is the annual banquet given by Mr. Harvey L. Haines to his employes and the fifth one given last night was voted the gold medal of them all.

This banquet is always given in January, but on account of the absence of Mr. Haines from the city in the early part of January, it was postponed until last night. The banquet was served in Mr. Haines' apartments at seven o'clock, with a six course menu of the "turkey and more turkey" kind. The Haines Bunch colors of red and white were carried through the details of decorating and serving. Tall vases of red and white carnations decorated the long table laid with plates for the host and eighteen guests.

The place cards were folders of white with the monogram, menu, guest list and date in red and tied with her silk cords. The nine members of the "Haines Bunch were presented by Mr. Haines with a five dollar gold piece as a souvenir of the evening and a remembrance of their loyal and good service as his employes. The visiting ladies in the party were given large boxes of candy for souvenirs and all were given favors of red and white carnations.

Miss Stella McDowell, one of the Bunch, who has been in the employ of Mr. Haines for the past four years, is leaving for Oklahoma tomorrow to make her home and she was further remembered with a handsome black leather traveling bag, a gift from the Bunch, who have been her business associates. After the dining, a lot of amusement was furnished by the initiation of Raymond Murrin, the newest employe, into the secret obligations of the "H-B" order, and young Billy Symons, the store mascot, who trod the burning sands like a seasoned sport and won his decorations as a full H-B member in future.

The annual January banquet is the most pleasurably anticipated event in the store activities of the year, and its close second is the mid-summer frolic, which is given on the Fourth of July, when Mr .Haines entertains all his employes with an all day picnic.

Mr. Haines believes in the old saw, that all work and no play makes Mary and Johnnie listless and dull and breaks both the winter and summer work days with a real festivity and in addition allows each clerk two weeks' vacation on full pay. Mr. Haines guests last night were his employes, Miss Anna Stapler, Miss Katherine Vaughn, Miss Ella Noll, Miss Irene Redfield, Miss Clara Sherlock, Miss Frankie Goodson, Miss Gladys Ford, Miss Stella McDowell and Raymond Murrin, and Mr. and Mrs. B. M. Chandler, Mr. and Mrs. William Symons and son, Billie, Mr. and Mrs. Ed W. Keck, Miss Katherine Schenck and Mr. L. G. Schumacher.

REV. O. C. CARDEN IS DEAD

Former Resident of Skidmore Passes Away at Evansville, Ind.—Body Brought to Old Home for Burial.

The Rev. Ortie Clifton Carden, pastor of the First Presbyterian church of Evansville, Ind., and a son of Mr. and Mrs. Mark Carden of Skidmore, died this morning at his home. His death was due to pneumonia, which followed an attack of influenza. His father, and Mrs. Carden's father, Henry McDowell of Skidmore, left yesterday for Evansville in response to a message stateing Rev. Carden was very ill. The body will be brought to Skidmore for burial and will arrive Sunday or Monday.

The deceased was 34 years old and leaves a wife, formerly Miss Mildred McDowell of Skidmore, and three children.

INTERN EX-KAISER'S SON

Berlin, Feb. 21.—Following his arrest at Munich after an unsuccessful attempt to restore kaiserdom in Germany, Price Joachin, sixth son of the former emperor, has been interned in Bayerischer hotel in the Bavarian capital. The prince was arrested while masquerading under the name of Count Mars.

CLEMENCEAU IS WORSE TODAY

Condition of French Premier Considered Critical—Eminent Specialists Called for Consultation.

Paris, Feb. 21.—Premier Clemenceau's condition is reported as critical today. Three of the most eminent specialists of Paris have been summoned in consultation in the case. "Nothing can be said, now," was the statement after their examination. It was learned that it was feared that embolism would develop.

The Premier passed a restful night and this morning it was reported that his condition was satisfactory, but the physicians looked for the crisis today. There had been a fear that pulmonary trouble would develop, but it seems that it has been removed.

All Paris is eagerly awaiting word from the Premier's bedside as it is believed that his condition is even more critical than has been told. Fears are expressed that his advanced age will be a handicap to his recovery.

GAVE THE TARKS A DRUBBING

Normal Played Rings Around Their Oponents Last Night Winning by the Score of 61-18.

Just to show them that they were outclassed the Bearcats last night took their old "friends" the Tarks down the line for the best trimming they had had administered to them in their many contests. The Normals got off to a running start and romped home lengths ahead of their opponent who might just as well not have started at all—still 18 points is something. The Bearcats ran up 61—just a runaway game.

The two sessions were not without some interest however. A Tarkio player was forced to retire when Miller bumped into him in scrimmage after the ball. The Tark player felt of his nose to find it broken. Miller as usual played a star game, being but one basket behind Egley who caged eight. Kyle, for the Tarks managed to drop over three safe ones. The Bearcats took an early lead and at the end of the first half had run up 36 points while the Tarks had but 7. The score:

AN ARMY OF 750,000

BOLSHEVIKI PLAN OFFENSIVES OF MUCH MAGITUDE

SPEED UP ARMS PLANTS

Agitators and Propaganda Being Sent to England to Spread Bolshevist Principles, Is Reported.

London, Feb. 21.---The Russian Bolsheviki now have an army of 750,000 soldiers of whom 250,000 are efficient fighters, said a German wireless picked up here today. The Bolsheviki are planning an offensive against Poland, East Prussia, Bohemia, Slavoniki and Austria Hungary, according to reports from Stockholm. Russian munitions factories are being speeded up, it is reported and agitators are being sent to England to disseminate Bolshevist principles.

According to reports from travellers returning from Russia the Bolsheviki are growing in strength and with plans being made for offensives in several directions, it is more than likely that serious trouble will be encountered in putting an end to their regime. The question is one of the big problems that is now being considered by delegates to the peace congress.

TO SPEAK EXTEMPORANEOUSLY.

Washington, Feb. 21.—That President Wilson's speech in Boston, if it deals with the League of Nations, will the subject very broadly and will not go into the more minute details of the subject, became apparent today when it was announced at the White House that the President had let it be known that he will speak extemporaneously. The President will sail on his return to France on March 5, it was announced at the navy department today.

FIRST NOTES READY FEB. 27.

Washington, Feb. 21.—The offering on February 27 of treasury certificates of indebtedness to the amount of 500 million dollars or more for subscription at par and accrued interest was announced today by Secretary Glass. The certificates will bear four and one-half per cent interest from February 27, payable July 29. They will be exempt from taxation.

PHYSICIAN FOUND MURDERED.

Kansas City, Feb. 21.—Dr. Thomas B. Dickson, a physician of Ramona, Okla., was found dead in a room at the Sexton Hotel here this morning. A blood stained pillow slip was jammed into his mouth and numerous bruises were found on his body. The coroner says there is no doubt that it was a case of murder. There are no clews to the mystery.

POSTOFFICE CLOSED TOMORROW.

General Delivery Window Open From 11:30 to 12:15—But One Delivery.

The post office will observe tomorrow as a holiday, it being Washington's birthday. The general delivery window will be open from 11:30 to 12:15. Rural patrons can get their mail by calling at the post office at that time. There will be one complete delivery by the city carriers.

London, Feb. 21.—Germany is again defying armistice conditions, according to information received here. The Germans have not ceased hostilities against the Poles and according to advices from Warsaw, infantry and artillery attacks were in progress on the eastern frontier Wednesday.

IN THREE WEEKS "BATTLE"

"Pete" Todd Writes From Dudelange, Germany—Company Being Motorized.

Walter S. Todd, with the 21st Field Artillery, American Army, is now stationed at Dudelange, Germaany, and writes under date of Jan. 17, to folks at home that they expect to move this month to Coblenz and hope to the States next. He writes in part:

The Y. M. C. A. has opened up a canteen here. Plenty of cigarettes, chewing and smoking tobacco, but no chocolates which I suppose is hard to get. They served hot chocolate free twice last week. Two men and one woman are in charge. The lady is from dear old New York, the city where all of us poor soldiers would like to pass through SOON on our way home. Of course, we are not homesick nothing like that. Only one thing keeps us here—the deep blue sea. If some man would only invent some means to walk on water, he sure would be a popular "guy." Would be elected president if two million votes counted for anything. * * *

I wasn't wounded in actual war, but had a three weeks tough battle with "cooties," killing 2,674,379 of them, the balance 1,482,561 dying of severe wounds and lack of food. I sure deserve a D. S. M. * * *

I have been on military police duty the past week. You know, walk around and look wise like Eph Tilton used to do. We have nothing to do with the citizens—just the soldiers. Keep them out of certain parts of the city and out of wine joints. This regiment of artillery, the twenty first, is being motorized, tractors, trucks, motor cycles, pleasure cars, Fords and bicycles. The dope is that we go to Coblenz next month and then the States, we hope. * *

Write as often as possible. I don't merely read them. I eat them.

Phone six-four for quick service pump and windmill work. 18-22.

A LYCEUM NUMBER TUESDAY

The second number of the Lyceum Course will be given next Tuesday night, Feb. 25, at the First M. E. Church. It will be a lecture by Dr. Lincoln McConnell, "The Blue Coat and the Red Flag." It is a subject of popular interest at this time when Bolshevism and the I. W. W. movements are attracting attention everywhere. Dr. McConnell handles the subject without mincing words—a red hot presentation of conditions. Dr. McConnell is one of the foremost lecturers offered by the Mutual Lyceum Bureau and his many years of experience as a platform speaker has made him a favorite everywhere.

The Lyceum board is already facing a considerable deficit this year due to several unforeseen causes and will appreciate the support of the public at this the last attraction of the season.

BAV. PREMIER ASSASSINATED.

Amsterdam, Feb. 21.—Kurt Eisner, socialist premier of Bavaria was shot and killed in Munich today. Eisner was assassinated by an officer who was later shot by a guard, the assassin dying.

Frank Barmann sold on Tuesday a platform spring wagon to Wm. O. Cyle and a buggy to George Jones. It wasn't a very good day for selling buggies either.

Quite a large audience gathered at the court house last Saturday night in response to a call for a meeting of those who had signed the bond guaranteeing the right of way through Polk township for the new road. 'Squire Parcher presided and Dr. McClusky acted as secretary. After a number of speeches had been made and the question as to which would be the best method to raise money to aid the bondsmen had been fully discussed, it was decided to appoint a committee of four, comprising 'Squire Parcher, C. A. Anthony, John Terhune and Dr. McClusky, who should have full power to act for the bondsmen in the matter of soliciting subscriptions and aid from outside parties.

Dr. J. T. Hughes and his mother, Mrs. Nancy Hughes, are now citizens of Maryville. Mr. Hughes is the partner of George Snapp in the clothin business. Mrs. Hughes is a sister of Mrs. Denning, Thompson Denning's mother and of Thomas and Hiram Groves of this county. She will make her home with Mrs. Nat Sisson, her daughter.

Prof. Loveland closed his singing school at Lone Star last Sunday night. The crowning piece of the evening was a song entitled "The Merry Farmer's Girl," sung by the professor and Miss Rose Wells.

Green Township Correspondence: The winter session of our schools have closed and are closing. James C. Smith is teaching the Fairview school with success. He is a fine scholar and renders satisfaction. Mrs. Ralston (widow) is teaching the Hagey school. She is a competent teacher and is well respected as such. Miss Ella May Hoxie taught the Quitman school satisfactorily. Miss Lettie Stride taught the Royston school. She was attentive to her charge and gave satisfaction. Mr. Wm. Airy taught the Albrighth school. He is a sprightly, energetic teacher and does his duty properly. Mr. Cicero Wilson taught our school—four months' session. He is well qualified, assiduous and attentive to his duty.

REV. DUNN FEELS IT HIS DUTY TO SPEAK

Wants Others to Benefit By His Experience—Spent Hundreds of Dollars Trying in Vain to Find Relief.

"Rev. J. H. Dunn, pastor of the Church of Christ at 2110 Sast Second Ave., Spokane, Wash., and residing at 724 West Sharp street, is still another minister whose deep sense of gratitude and desire to help others will not permit him to remain silent regarding the benefits he has derived from the use of Tanlac.

"Tanlac has not only relieved me of my ten years' suffering," said the Rev. M. Dunn, "but it has built me up wonderfully, as I have gained fifteen pounds in a month's time by taking it. My stomach was in such a disordered condition that I could not eat without suffering great pain. My food felt like lead in my stomach and I would expel gas with almost every breath. My head ached constantly and I continually lost in weight, strength and energy. I spent around three hundred dollars for medicines but got no better.

"I finally bought Tanlac on the strength of high endorsements and my first bottle made a marked change in my feelings. So I bought another and then others and now I am just like a new man. I can eat anything now without the least discomfort after wards. It gives me pleasure to do what I can for my fellow man, and as Tanlac has been of such great benefit to me and to a number of my friends also, I can recommend it to everybody."

W. C. T. U. WORK NOT FINISHED

Offerings for the $50.000 Fund To Be Asked of Everyone.

Ratification of National Prohibition by forty-three states has not finished W. C. T. U. work. Liquor forces have a fund of a billion dollars to fight prohibition on every conceivable technicality and the dry forces must not relax an instant or allow the will of the people to be thwarted.

The $50,000 Peace Reconstruction Fund the Missouri W. C. T. U. is asking for is a modest sum for the tremendous amount of reconstruction and propaganda work to be accomplished with it.

Every citizen of Missouri should make a contributioon to this fund as a thaank offering for the splendid educational work of the W. C. T. U. that was instrumental in winning the victory. The greatest moral and the greatest civic victory in the world have been won through this loyal and consecrated service. One item alone on the reconstruction plan is worthy of the fund. "W. C. T. U. Hospital." "Mothers" in the various militaary hospitals of the country. "Mother" is the dearest name on earth to the wounded, homesick soldier. Every individual who has and will contribute in this drive is thanked and will have the pleasure of knowing he helped in this splendid service. The W. C. T. U. thanks each contributor.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

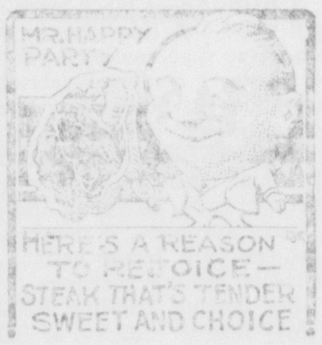
People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.



Our steaks will give the average man and woman every reason to rejoice. They're chock block full of nourishment. They're weighed on scales that are not penny-wise. Our meats deserve your undivided attention at mealtime.

Right To Your Door

THIS season of the year usually finds the roads in practically an impassable condition. There are times when it is not advisable to make an effort to come to do a small amount of shopping.—The roads are in just this condition at present.

For this very reason we are maintaining a Mail Order Department through which you may have the goods delivered to your very door. Special attention is given all mail orders and you receive the same fair, honest treatment and the same guaratee of satisfaction that goes with every purchase made at this store.

Much of our Spring stock is being received; practically every department is displaying new merchandise. The piece goods department is displaying new patterns, weaves and colorings in Wool Goods, Silks, Wash Fabrics, Ginghams and Percales; the McCall patterns for March are here; and the the stocks of buttons, braids, trimmings and all other sewing accessories are very complete—If you wish to begin your spring sewing and are unable to come to the store to make your selections we will be only too glad to submit you samples by mail from which you may choose.

Our March Fashion Sheets are here, if you fail to get one let us know and one will be mailed to you.

Telephone your order and it will be sent out on the next mail. We have both phones.—Hanamo No. 99. Farmer's No. 126.

Use this mail order service—we carry a complete stock of Ladies' Suits, Coats, Dresses, Waists, Corsets, Millinery, Shoes, Underwear, Neckwear, Notions, Gloves, Ribbons, Hand Bags, Stationery, Toilet Goods, Piece Goods, Baby Goods, Wall Papers, Draperies, Rugs, Linoleums and all other items usually carried by a up-to-the-minute Department Store.

Maryville has a business man with the "greyest" hair to be no older than he is, I ever saw, said a Pickering citizen yesterday who had just paid a visit to the county seat. This Pickering man was so inquisitive that he actually asked the Maryvilleite what made his hair so grey? "Sitting in damp churches," came the reply, but if he had said, "trying to make two pair beat threes" it would have been nearer the truth.—Pickering Pickups in Hopkins Journal.

HERNDON FUNERAL YESTERDAY

Body of Granville Herndon Brought From St. Joseph for Burial.

Funeral services for Granville Herndon, formerly a resident of Parnell, who died Wednesday in St. Joseph, were held yesterday at Parnell.

The body was interred in the Oxford cemetery near there.

Sale Totaled Over $18,000.

The biggest public sale that has been held in this part of the country for several years was the closing out sale of Henry S. Staples, at his farm west of Burlington Junction Tuesday. In spite of the bad roads a big crowd was present and R. P. Hosmer sold all of the stuff in about four hours. The auctioneer said it was the largest sale he had cried this year. The total was over $18,200.

Corn sold for $1.48 and $1.49. Hay brought from $20 to $25, and oats 80 cents. A spaan of mules sold for $540 and 48 head of young steers brought $83.50 each. Cows sold as high as $130. Henry has rented his farm to Sam and Al Dougherty.—Burlington Junction Post.

Market Two Car Hogs.

William Berry, living near Wilcox, shipped a car load of hogs to the St. Joseph stock markets yesterday. Frank Miller, living in the same neighborhood, shipped a car the day previous.

Argentina estimates its 1919 crop as follows: Wheat 5,015,000 tons, exportable surplus 4,300,000 tons; linseed 705,000 tons, exportable surplus 679,000 tons, and oats, 640,000 tons.

DAILY HEALTH TALKS

Better be Careful About Your Kidneys

BY N. B. COOK, M. D.

Foods taken into the stomach go through various chemical changes, and some of these changes are poisons that must be sifted out and disposed of. It is the duty of the kidneys to do this. When the kidneys do not fully perform their vital work, death may be only a few hours away. Happily, Nature has provided warning alarms telling people when their kidneys are not well. These warnings come in the form of dragging pains in the small of the back, weak stomach, low spirits, chills, nausea, headache, scanty urine and frequent desire to pass it, short breath, numbness, cramps, coated tongue, bad breath, puffs under the eyes, thin blood, dry skin, ringing in the ears, spots before the eyes and many other symptoms. All come from the one cause of kidneys that are not filtering the poisons out of the system. To overcome these troubles, Dr. Pierce, of Buffalo, N. Y., compounded what he calls Anuric Tablets. No other kidney medicine is its equal in giving relief and re-establishing healthful work in the kidneys. The treatment is very simple, as you need nothing except water when taking Anuric Tablets—a glass of water with each tablet. This washes and flushes the kidneys while the medicine itself is dissolving the uric acid poisons and driving them out. Anuric Tablets are made double strength, so that they dissolve uric acid the same as hot water dissolves salt or sugar. Most people need Anuric Tablets because most people have uric acid. Better get that poison out of your body for safety's sake, and better begin today.

To gently and agreeably coax the bowels back into normal activity, take Dr. Pierce's Pleasant Pellets. They are just as good for costiveness as his Anuric Tablets are good for kidney disorders, and that is saying a great deal.

HEROIC SACRIFICES OF FRANCE.

Never in the world's history has any nation ever sacrificed so heroically of its blood and treasure than has France in the present world conflict. Her great peasant population have suffered and bled for democracy with undying fortitude. America also owes thse people a great debt of gratitude for a perfect remedy for stomach, liver and intestinal disorders which it is reported has already saved many American lives and prevented thousands of surgical operations. Geo. H. Mayr, for years a leading Chicago chemist, imports and sells it in this country under the name of Mayr's Wonderful Remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One does will convince or money refunded.—Maryville Drug Co., and druggists everywhere.—Adv.

A NEW OSTEOPATH COMING.

He Will Be Associated with Dr. W. W. Turner on Arrival Here.

A new osteopath will soon locate in Maryville, coming here from his home in Petersburg, Ill., where he is now residing. The new member of the profession is a young man of much promise. He will be accompanied to Maryville by his mother, Mrs. W. W. Turner, and sister, little Miss Mary Jane Turner. Dr. Turner was advised last night of the arrival of a son on February 20, and will leave next week to make his acquaintance. Mrs. Turner has been visiting during the winter at the home of her parents.

Mrs. Carter of Burlington Junction will return to her home this evening after a two days' visit with friends in Maryville.

Avoid a constipated habit, it breeds disease in the body. An occasional dose of Prickly Ash Bitters will keep the bowels healthy and regular. Price $1.25 per bottle.—Maryville Drug Co., Special Agents.
